

Address of Requesting Entity: 1 Aviation Circle, MA-14, Washington, D.C., 20001

Description of Request: Provide \$85 million for the Dulles Corridor Metrorail Project. A full funding grant agreement (FFGA) was signed by the U.S. Department of Transportation and the Metropolitan Washington Airports Authority, the project sponsor, for this project in March 2009. The FFGA commits federal funding from the New Starts account to the project, which first received federal appropriations in FY 1999. This request reflects the amount designated in the FFGA funding schedule for FY 2010. Metrorail service in the corridor will benefit all corridor users by: improving mobility to serve population and employment growth and increased travel demand; improving access to major activity centers such as Tysons Corner, Reston/Herndon, and Dulles International Airport; supporting air quality and energy conservation goals, and preserving the area's quality of life.

The project would add turn lanes to each leg of the intersection, reduce conflict points, upgrade crosswalks, add pedestrian countdown signals, provide new ADA compliant sidewalks, improve through lanes, upgrade traffic signals, and add bicycle access and landscaping. This project is also part of the Virginia Department of Transportation's Six-Year Improvement Program.
